

Zhisheng Qi

CONTACT INFORMATION	Phone: (+1) 541-606-3880	Personal Homepage: https://charlieqi02.github.io/
	E-mail: charq@uoregon.edu	Google Scholar: https://scholar.google.com/citations?user=rKnRVqUAAAAJ
POSITIONS	Ph.D. student, University of Oregon Department of Computer Science	Sep 2025- Present
EDUCATION	University of Oregon	
	Doctor of Philosophy (Ph.D.) in Computer Science (in progress)	Expected May 2030
	• Advisor: Dr. Yu Wang	
	Hainan University	
	Bachelor of Engineering (B.E.)	May 2025
	• Thesis: Temporal Knowledge Graph Reasoning Based on Hybrid Space Model	
	• Advisor: Prof. Siling Feng	
	• Cumulative GPA: 3.85 / 4.00	
HONORS & AWARDS	• National Encouragement Scholarship×3	Oct 2022 Oct 2023 Oct 2024
	• Second Prize in the National College Student Mathematics Competition	Jan 2023
PUBLICATIONS	Please note the following symbols below to signify certain author types in the below lists: * denotes co-first authors	
	Conference Papers (acceptance based on peer review of full paper):	
	[C1]	Utkarsh Sahu, Zhisheng Qi, Mahantesh M Halappanavar, Nedim Lipka, Ryan A Rossi, Franck Dernoncourt, Yu Zhang, Yao Ma, Yu Wang. “Knowledge Homophily in Large Language Models.” 2025
		[WSDM 2026] ACM International Conference on Web Search and Data Mining
		Acceptance rate 35%
		[Paper] [Code]
	Journal Papers	
	[J2]	Siling Feng, Zhisheng Qi, Guirong Zhang, Cong Lin, and Mengxing Huang. “FCNet: A Deep Neural Network Based on Multi-Channel Feature Cascading for Image Denoising.” The Journal of Supercomputing 2024
		[Paper]
	[J1]	Wenling Wang, Qiaoxin Zhang, Zhisheng Qi, and Mengxing Huang. “CenterNet-Saccade: Enhancing Sonar Object Detection with Lightweight Global Feature Extraction.” Sensors 2024
	[Paper]	
Preprints and Submissions		
	[P1]	Siling Feng*, Zhisheng Qi*, and Cong Lin. “A Hybrid Euclidean-Tangent-Hyperbolic Space Model for Temporal Knowledge Graph Reasoning.”
		[Paper] [Code]
TUTORIALS	Democratized Retrieval-augmented Generation with Structural Intelligence [Tutorial]	
	2025	
	• Yu Wang, Zhisheng Qi, Yongjia Lei, Haoyu Han, Harry Shomer, Kaize Ding, Yu Zhang, Ryan Rossi, Hui Liu	
	• [WSDM 2026] ACM International Conference on Web Search and Data Mining	
TEACHING EXPERIENCE	University of Waikato	
	Teaching Assistant, Department of Information and Communication Engineering	
	Mar 2024 – May 2025	
	• CS 101: Introduction to Programming (Undergraduate Level, Spring 2024, Spring 2025)	
	• CS 102: Object-Oriented Programming (Undergraduate Level, Fall 2024)	
	• CS 201: Data Structures and Algorithms (Undergraduate Level, Fall 2025)	

**EXTERNAL
SERVICES****Program Committee Member**

- Workshop on Machine Learning on Graphs in the Era of Artificial General Intelligence 2025

Conference (Sub-)Reviewer

- Conference on Information and Knowledge Management (CIKM) 2025

Journal Reviewer

- Transactions on Knowledge Discovery from Data 2025
-

[CV compiled on 2026-01-04]
